

Emulating Quantum Systems

Tuesday, 27 August 2024 16:00 (1 hour)

Full dynamics of a CLOSED quantum spin-1/2 system: gate-based quantum computer & quantum annealer
Full dynamics of an OPEN quantum spin-1/2 system: gate-based quantum computer & quantum annealer
Solving the time-dependent Schrödinger equation numerically
(Part of) our history of emulating quantum computers

Presenter: Prof. MICHELESEN, Kristel
