

JUNIQ Summer School on Quantum Computing - Gate-based and Annealing Systems - Remote

Contribution ID: 12

Type: **not specified**

Quantum Annealing Applications

Wednesday, 28 August 2024 09:00 (1 hour)

Optimization Problems: Airline Scheduling, TSP, Garden Optimization

Constraint Problem: 2-SAT

Machine Learning Problem: Quantum Support Vector Machine

Sampling Problem: Quantum Boltzmann Machine

Presenter: Dr WILLSCH, Dennis
